

# FIESTA 4

Lolium perenne

## FIESTA 4

PERENNIAL RYEGRASS

Fiesta 4 perennial ryegrass is from our US breeding programme.

It is highly resistant to Gray Leaf Spot, has a very fine leaf texture, and high summer density ratings.

Fiesta 4 dominated the 2005 - 2009 NTEP trials, ranking as a #1 variety of perennial ryegrass. It has fast become a favorite for high profile sports use where intense wear is

Under both high and low input managements Fiesta 4 scored highest of any variety in turf quality and also had a perfect score in Gray Leaf Spot resistance over all US test locations.

In the NTEP trial to date it is making a repeat performance, scoring highly in categories across the board.

Its deep green colour is intense and worth a mention as it is visually outstanding.

### Technical Specifications

- Perennial ryegrass
- Listed/recommended in EU  
BY ES RU UK
