

# MONSIEUR

Lolium perenne

- Excellent gray leaf spot and brown patch resistance
- Very high density all seasons
- Superior traffic tolerance
- High drought and summer stress tolerance
- Excellent overseeding performance.

## 4salt

### Disease tolerance

Very good tolerance to common turfgrass diseases like rust, but also against less common diseases like gray leaf spot and brown patch (*Rhizoctonia solani*).

### Shoot density and wear tolerance

MONSIEUR shows very high density all seasons and superior traffic tolerance.

### Drought tolerance

Excellent drought and summer stress tolerance.

### Uses

Perennial ryegrass is suited for all uses requiring wear tolerance.

### DLF Global Head Office

Ny Oestergade 9 | 4000 Roskilde | Denmark

## Technical Specifications

- Perennial ryegrass
- Dark green with excellent wear and drought tolerance
- Listed/recommended in EU CZ TR

## Ratings

Scale 1-9, where 9 = best or most pronounced
